## FALABELLA AF DON QUIJOTE - TOYLAND HERD SIRE

**FALABELLA AF DON QUIJOTE is a 27" PURE FALABELLA STALLION, and a BLACK LEOPARD APPALOOSA.** Born in 1996. DON QUIJOTE is one of the TINIEST and more refined Black Leopard Appaloosa's in the World. His PURE FALABELLA Ancestry, Black Leopard Color Pattern and tiny size makes him one of the rarest and most unique little Stallions in existence.

**DON QUIJOTE** is Registered in AMHA, AMHR and FMHA, and **Both of his parents were Imported** from the Falabella Farms in Argentina and are also registered in AMHA and FMHA. Don Quijote has a long and impressive pedigree from the Falabella Farm, tracing back to some of their very best. **DON QUIJOTE'S foals** have sold for \$5,000.00 to \$15,000.00

**DON QUIJOTE'S sire is 28" FALABELLA AF EL GRANDE BANDIDO**, a top producing Black Leopard Appaloosa that was Imported from the Falabella Farm where he was kept as their top herdsire for a number of years. In 2002, the Falabella Farm offered him for \$30,000.00 and he was sold to Europe.

**BANDIDO** is the sire of many tiny offspring that have been sold and shown in the USA, England and Europe; one of which is a 25" top show winner! I've been told by those who know, that BANDIDO'S foals have never sold for less than \$7,500.00 and most have sold for \$10,000.00 to \$25,000.00. He is truly a highly prepotent sire that passes on his fine traits.

**DON QUIJOTE'S Dam is FALABELLA AF DULCINEA**, a 30.5" Imported Black OVERO Pinto with Small & Toy size Ancestry for many generations. She is one of the special producers at the Falabella Farm that consistently has tiny foals. She is a lovely mare with refinement and a pretty look.

**We are proud to have DON QUIJOTE** in our Toyland Breeding Program, we are very excited about his upcoming foals!
