TOYLAND CASINO CHIPS 32" PURE FALABELLA STALLION

Casino Chips is an ULTRA LOUD Black Leopard Appaloosa with many large jet black spots all over his head and body. He is one of the Loudest colored pure Falabella Appaloosa's in the entire World, and he is truly one of the top producing Falabella sires.

Casino has produced many refined, Arabian type foals. Among them are loud Black Leopards and exquisite solid color foals which show Appy coloring as yearlings and coloring more each year.

One stunning example is Toyland Velvetera, a black Appaloosa mare with exquisite Arabian traits and an exceptional trot with the highest natural leg action. Velvetara, is a breath taking example of Casino Chips producing abilities. She is one of our most beautiful and highest valued Casino Chips daughters.

CASINO CHIPS is valued at \$50,000.00 but we consider him priceless. His ultra loud color Genes and ability to produce colorful and top quality foals with refined show type is unequaled, and it is evident they will pass on these traits to thier own foals. Casino is one of our most valued Stallions in our Falabella breeding program.

We will offer Casino Chips offspring as they become availabe. Keep checking our FOR SALE horses, as we will continue to update. Thank you!
